## Presenter Profiles

**DR JAMES COX**  
**Orthopaedic Surgeon**

Dr Cox is an Orthopaedic surgeon specialising in hip, knee and trauma surgery. He is a Queensland born and trained Orthopaedic surgeon operating and consulting from his private practice at Noosa Hospital. He obtained his medical degree from the University of Queensland in 2005, and stayed in Queensland to complete his orthopaedic surgical training. After obtaining his FRACS specialty qualification in 2015, he worked as the acting Director of Orthopaedics at the QEII Jubilee Hospital in Brisbane, focusing on elective hip and knee surgery.

**DR DREW MCMENAMIN**  
**Managing Radiologist**

Drew graduated from the University of Queensland in 1999, before completing his radiology training at the Princess Alexandra Hospital, Brisbane. After being awarded the Uhr Clarke Bursary by the RANZCR in 2006, Drew undertook further training in MRI at the Gold Coast Hospital before completing 2 fellowships in Musculoskeletal and Sports Imaging at the University of Washington, and Breast Imaging and Breast MRI at the Seattle Cancer Care Alliance.

**DR ANDREW BAIRD**  
**Radiologist**

Dr Andrew Baird joins our radiologist team in early February. Originally from QLD, Andrew trained at PA Hospital in Brisbane, and following acceptance into RANZCR he undertook a diagnostic Neuroradiology fellowship in Perth at NIISWA (Neurological Imaging and Intervention Service of WA) in 2015. In 2016 he moved to Albury to undertake an MSK fellowship with I-Med and remained as a consultant radiologist in Albury with I-Med from 2017 to current.
